VILLA PREPARES TO CONTINUE WAR

Cessation of Hostilities in Mexico Not Likely.

TO ATTACK SALTILLO

Rebel Representatives Say Preparations Best Answer That Can be Given to Suggestion of Armistice by Diplomats.

Chihuahua, April 30.—Representatives of the rebels here declared today that the preparations being made by Gen. Francisco Villa to take the field against the Federal garrison at Saltillo was the best answer to any possible request by the Latin-American countries for a cessation of hostilities between the Federals and rebels. Gen. Villa is expected to reach the front Monday.

Many of the troops counted on to take part in the movement against Saltillo already are in the field. Gen. Gernando Cos has 4,000 men operating south of the city. It is said Villa will leave but a handful of troops to garrison Chihuahua, Torreon and Monterey.

Villa, it is reported, expects to put 15 brigades into the field. Distribution of cartridges at Chihuahua among certain commands has been lavish. This is said to indicate that Villa is ready to undergo a protracted campaign even before the capture of Tampico, which is counted on to give the rebels a port of entry.

Ten Thousand Garrison.

The Federal garrison at Saltillo originally consisted of 2,200 men, but fugitives from the remnants of Velasco's Torreon army and the fleeing garrison of Monterey have increased that force to 10,000. The present Federal line of defense runs through Zacatecas, Saltillo and Tampico. Zacatecas already is invested by Gen. Nateara, who is said to have the Federal garrison effectively bottled up. Rebel officers are confident that Tampico soon will fall.

Gen. Velasco is in Mexico City and the identity of the commander of the Federal forces at Saltillo is unknown here. San Pedro is expected to be the rebel base for the operations against Saltillo. The railroad line from that point has been opened to Hipozoto.

It is estimated that the rebel forces have 30 field guns, but a limited supply of artillery ammunition. The supply of rifle ammunition at the disposition of the rebels is estimated by foreign army officers at 400 rounds per man.

Ammunition Held Up.

Galveston, Texas, April 30.—One million rounds of small arm ammunition consigned to the Constitutional forces along the Northern border of Mexico, has been stopped here and will be returned to the manufacturers. Because of the recent embargo

RUN DOWN BY BOX CARS

One North Carolinian Fatally, Another Seriously, Injured at Richmond—Frank Bell Escapes.

(Special Star Telegram.)

Richmond, Va., April 30.—Frank W. Bell, bookkeeper for the Export Leaf Tobacco Company, and brother of Misses Mary and Gertrude Bell, of Wilmington, N. C., narrowly missed death this afternoon when he and three friends, employed with the same company, were crossing the tracks of the Richmond, Fredericksburg & Potomac railroad, near the tobacco factory.

Without warning, a shifting engine set a train of box cars in motion across the street, knocking down all four and causing several cars to pass over all but Bell.

W. H. Clayton, a leaf buyer from Roxboro, had both legs cut off and died soon afterwards. J. N. Cobb, a bookkeeper from Smithfield, lost one leg and was badly bruised about the body. Samuel T. White, whose home is at Warrenton, escaped serious injury by lying close to the ground between the rails as the cars passed over him. Bell received only a few scratches. Though his home is at Chapel Hill, he came here several years ago from Durham.

FEDERAL BUREAU OF ALL BUILDINGS

Belonging to Government Recommended by Commission

REPORT TO CONGRESS

Made by Public Buildings Commission—Absorb Supervising Architect's Office of the U. S. Treasury Department.

Washington, April 30.—As part of a comprehensive scheme for practical standardization of Federal buildings, the country over, the Public Buildings Commission in a report to Congress today recommended the creation of a Federal bureau of public buildings to absorb the supervising architect's office of the Treasury Department. The proposed bureau would include a board of estimates and property.

Congress appointed the commission to investigate and report on the systematizing of the present haphazard method of providing public buildings. It was composed of Secretary McAdoo, Attorney General McReynolds, Postmaster General Burleson, Senators Swanson and Sutherland, Representatives Clark and Austin and Sherman Allen, former assistant Secretary of the Treasury. The erport is designed as a basis of legislation to correct public building abuses.

The report stated that there is now approximately $45,000,000 of public buildings work to be placed under construction by the Treasury Department; that in the past 12 years $163,085,431 has been authorized for public building sites and construction and that during the past three years the average expenditures for construction of buildings, maintenance, operation and all other expenses has been $20,000,000 a year. The commission recommends:

M'ARTHURS TESTIFY

Mother and Son Swear Signatures Are Forgeries.

Experts, Bankers and Business Men Testify to Same Effect—Prominent Witnesses Give Defendants Good Name.

(Special Star Telegram.)

Fayetteville, N. C., April 30.—The Newton-McArthur case in which the Fourth National Bank of Fayetteville is suing for two $10,000 notes of J. Sprunt Newton, endorsed by Mrs. M. C. McArthur and Adam McArthur, was continued today, the McArthurs introducing witnesses to prove that their endorsements were forgeries. N. A. Brown, Red Springs, bookkeeper in the office of revenue collector at Raleigh, testified as an expert that the endorsements were forgeries.

He admitted he had never seen either one of the McArthurs write.

R. E. Graham said he knows Adam McArthur's signature and that the endorsements were forgeries. C. C. Spalding, of Maxton, insurance agent and cashier of a Maxton bank for six years, said the endorsements were forgeries.

Mrs. M. C. McArthur said she did not endorse the notes; had never been notified that such notes were in the bank; had not only not endorsed said notes as renewals, but had endorsed no others. Asked if she owned stock in the Fayetteville street railway she said if she did she did not know it. She was shown a certificate of stock of said company and asked if she signed it. At first she said it looked like her signature, but she could not tell. Afterwards she admitted it was. She said she loaned Newton $10,000 for the street car company.

Adam McArthur testified that he did not endorse the notes and had never seen them until he went in the bank with A. W. McLean, his lawyer, in July, 1913, and was notified by the bank July 30th that the notes were past due.

Rev. H. G. Hill, D. D., of Maxton, said he had known Mrs. McArthur 40 years and was her pastor 18 years; had known Adam McArthur from babyhood. He gave both defendants excellent characters. He also testified to the good character of A. A. McKethan and D. H. Ray, witnesses for plaintiff.

A number of expert witnesses, bankers and business men, were here introduced, both as experts and persons familiar with signatures of defendants, who testified that the endorsements were not genuine. Some of these witnesses were bankers and bookkeepers of years of experience. A number of character witnesses testified as to the good character of the McArthurs.

INCOMES SMALLER THAN CONSISTENT

Conclusion in Eastern Railway Rate Increase Case.

INCREASE IN REVENUES

Louis D. Brandeis, Counsel for Inter-State Commerce Commission, Makes Announcement—Increase Unlawful.

Washington, April 30.—That the net income and operating revenues of Eastern railroads are "smaller than is consistent with their assured prosperity and the welfare of the community," was announced as a conclusion late today by Louis D. Brandeis, of Boston, counsel for the Inter-State Commerce Commission in the five per cent. advance rate case. He maintained, however, that to make a horizontal advance in all freight rates as proposed by the railroads, was illegal and beyond the powers of the commission.

Mr. Brandeis said steps should be taken as soon as possible to increase the carriers' revenues, and suggested that testimony given at the commission's hearings had shown how that might be done without advancing the rates. He referred to the elimination of special allowances to shippers, free car spotting and other free services now performed by the roads.

Just before Mr. Brandeis submitted his conclusions, Clifford Thorne, of Iowa, representing eight Middle Western States in opposition to the proposed advance, had completed an elaborate argument in which he maintained that "the carriers have been making more gross, and more net income during the last four years than in any previous four years in their history."

He maintained not only that the railroads were receiving adequate revenues and making a fair return on their stock, but that their credit was as good, or better than that of other industries as proved by their ability to dispose of hundreds of millions of securities during the last four years.

William A. Glasgow, Jr., of Philadelphia, counsel for cement and coke producers, declared that such an advance of freight rates, as proposed was a matter of public policy and could be dealt with only by Congress; and that the commission had no powers to authorize or sanction a horizontal advance, its authority being limited to the determination of the reasonableness of particular rates, after hearing all the facts. He urged that the reasonableness of particular rates could not be determined merely by a showing that the roads needed more revenue.

Judge Henderson, of the Iowa Railway Commission, argued against the proposed increase from the standpoint of the independent producers in Iowa of starch, glucose, dextrine, corn oil, etc. He insisted there had been no evidence offered by the carriers that the present rates are unreasonable.

N. C. PINE ASSOCIATION ELECTS NEW OFFICERS.

Goldsboro Man is Choice of Lumbermen for President.

Norfolk, Va., April 30.—The North Carolina Pine Association met at a local hotel this morning, elected Nathan O'Berry, of Goldsboro, president. Mr. O'Berry was at the time vice president for North Carolina and George T. Leach, of Washington, N. C., was elected vice president to succeed him.

ROAD MAY CHANGE HANDS

Circumstantial Rumors Abroad That Banking Interests to Take Over Missouri Pacific.

New Work, April 30.—Circumstantial rumors that control of the Missouri Pacific Railway, the backbone of the Gould railroad system, is in process of transfer to important manking interests were revived today in the financial district. They were received with some credence from the fact that expert engineers and accountants are believed to be making an exhaustive examination of the property.

Kuhn, Loeb & Company are the bankers mentioned in connection with the reported change of control. Members of that firm declined to affirm or deny rumors connecting their name with the project, but it is known that they long have been willing to take over the financial management or responsibility of the road, shodld the Goulds express their willingness to relinquish their stock interest.

Representatives of the Gould family were non-committal on the subject except to say that their interest in Missouri Pacific lies chiefly in the bonds of that road and allied lines. It was denied for the Goulds that the recent heavy selling of Missouri Pacific was for account of any member of that family.

Shares of Missouri Pacific recently have been selling on what Wall Street calls a "receivership basis" and new low records for the stock and outstanding notes were recorded today. There are $25,000,000 of three-year 5 per cent. notes maturing on June 1st, and up to a few weeks ago, it was thought that payment of at least half the notes would be met on maturity.

A hitch came in the final stage of the negotiations, however, since which time the various Gould securities have fallen to lower levels. Missouri Pacific made some recovery as a result of today's reports.

FEDERAL TROOPS ARE IN COLORADO

All Quiet on Scene of Recent Labor Trouble.

THE STRIKERS DISPERSE

Leaders Go Among Men Urging Them to Return to Their Homes. State Militia Being Withdrown—No Fighting.

Denver, Colo., April 30.—With Federal troops on the ground, conditions were quiet today in the Colorado strike zone. State troops are being relieved by the regulars and the strikers are said to be dispersing. The Federal soldiers now are patrolling the Fremont county district and regular troops superceded the militiamen at Walsenburg tonight.

Regulars will occupy the Ludlow district tomorrow and the National guardsmen from both Walsenburg and Ludlow are expected to reach Denver by tomorrow night.

The strikers have surrendered no arms, either to the militia or to the Federal troops. Leaders tonight were going among the hills of Southern Colorado urging the men to disperse and return to their homes, but, according to John Lawson, international board member of the United Mine Workers of America, they have not been told to give up their weapons.

"Men in all walks of life fought with the miners," said Mr. Lawson tonight, "but they will not oppose the Federal troops. They would not have opposed the militia but for the gunmen affiliated with them. Now they are returning to their homes. The tent colonies at Ludlow and Forbes will be rebuilt.

"The guns are the property of our men," he added, "and os far as I know they will keep them."

The immediate withdrawal of State troops from the strike zone and the speedy disarmament of mine guards are among the conditions named by the Union leaders.

At the Governor's office, it was said, an appeal for help had been received from Sheriff McAfee, of Weld county, who feared an attack by strikers on the mines in the vicinity of Frederick. A detail of 120 militiamen still is at Louisville.

Three miners from Routt county reported to Governor Ammons today that every man employed at the Oakdale Mine near Steam Boat Springs, had received a threatening letter. No troops are stationed there.

Rockefeller Threatened.

New York, April 30.—Threats of violence were made against John D. Rockefeller, Jr., today by demonstrators who objected to what they declared to be his policy in the Colorado mine war.

One woman attempted to invade his office and when prevented she withdrew, repeating in a speech outside threats she had made within the building of personal harm that would come to him if he persisted in declining to consent to arbitration.

While Upton Sinclair, Miss Elizabeth Freeman, an English militant suffragette, and Mrs. Donie Lietner, pioneers in the Free Silence League movement, were being lead to the Tombs prison for picketing yesterday, other picketeers wearing crepe on their sleeves began pacing the sidewalk in front of Mr. Rockefeller's offices at 26 Broadway. The march was kept up all day and meetings were held in Bowling Green at which speakers reiterated charges that Mr. Rockefeller was responsible for conditions in the Ludlow district.

Mr. Rockefeller tonight issued a statement characterizing as "infamous" any allusions to conditions as "Rockefeller's war." The conflicts in Colorado were not between mine owners and strikers, he said, but between strikers and the State troops. The statement contained no reference to the "Free Silence" protest in this city.

Sinclair, Miss Freemand and Miss Lietner went to jail rather than pay a $3 fine each, imposed after they were convicted of disorderly conduct. They said they would go on a hunger strike.

While Sinclair and others were having a two-hour hearing in court, Marie Ganz, of the I. W. W., was making fruitless efforts to see Mr. Rockefeller. When attendants barred her from his office, she directed threats against him. Later in Bowling Green Park she mounted a pile of lumber and made a verbal attack. A crowd of several thousand surged in close, shouted and threw sand. Some one hurled a paving block in the direction of Alexander Berkman, anarchist, who also was making a speech. The speakers, escorted by police, finally ran to a subway entrance and escaped. One man was arrested and fined on complaint of R. E. Edleson, an I. W. W speaker.

Mr. Rockefeller's statement quoted the lieutenant governor of Colorado in an effort to show that the strikers themselves started the trouble by killing a non-union man.

A demonstration was held in front of the residence of John D. Rockefeller and John D. Rockefeller, Jr., tonight by men who claimed to represent the Anti-Military League of New York. They walked back and forth carrying placards.

Quiet in Colorado.

Washington, April 30.—Major Holbrook, commanding the Federal troops at Trinidad, Colo., reported to the War Department late today that there was no disorder there and that he had sent Captain Smith with troops to Walsenberg. He added that the State authorities reported conditions at Ludlow as critical.

At the request of Governor Ammons the department has ordered Captain Parker to assume command of the situation at Canon City pending the arrival of Major McClure from Fort Leavenworth. The Governor withdrew the militiamen at Canon City upon Captain Parker's arrival, transferring them to other points.

PREPARATION FOR WAR IS CONTINUED

Restrained, But None the Less Steady.

WORK OF DIPLOMATS

Three South American Ambassadors Continue Work of Mediation—Bryan Announces Hostilities Will Cease.

Washington, April 30.—Restrained but none the less steady preparation for any military eventualities that may become necessary and the quiet but definite progress of the mediation programme being worked out behind closed doors, these were the two outstanding features of the Mexican situation here today.

The three mediation envoys of Argentine, Brazil and Chile continued their private sittings. Their first move for an armistice was succeeded by the virtual suspension of hostilities, or a truce, between the forces of the United States and the Huerta regime, although there were still ominous sounds of conflict between the Huerta and Carranza forces.

Secretary Bryan formally notified the three South American envoys that the American government took it for granted there would be no hostilities during the mediation proceedings and had intended no further acts of aggression while the conferences were being held. But the attitude of Huerta and Carranza on the cessation of hostilities still was unknown today.

While there has been no period set within which the negotiations must be concluded, Secretary Bryan said today he believed they would move forward "as rapidly as possible." A report that they might be prolonged by the mediators going to Mexico was met by the statement by one of the mediators that in these days of the telegraph and cable such a journey was unnecessary.

No Announcement Yet.

While the envoys were not ready to make an announcement several important phases of what has been done during the discussion were learned from authoritative sources. It appears that while the attitude of Gen. Huerta was definite in accepting intermediation as between the United States and the Huerta government, it has not yet been made clear that his acceptance will apply also to intermediation that includes Carranza. It is expected that this question will be cleared up by inquiries now under way, so that it may be definitely established that Huerta not only accepts intermediation with the United States but also with Carranza.

Another outgrowth of the discussion was an intimation that both the Huerta and Carranza elements would send representatives to deal directly with the mediators, and that Francisco De LaBarra, now at Paris as ambassador for Huerta, probably would be designated to act for Huerta. It was known that the mediators themselves had made no move for a personal representative from either party. But there was reason to believe De LaBarra's coming was being considered at Mexico City and that a representative of Carranza, who is on his way here, may be authorized to act in that direct capacity.

During the day the intermediaries received word of the encouraging attitude of some of the foremost European powers, notably Great Britain. While the mediators have not appealed directly for the friendly influence of European powers, their home governments have enlisted their ambassadors and ministers at European capitals to secure friendly co-operation. The responses are in general encouraging, yet the difficulties still in the way of a settlement are recognized.

Difficulties Are Increased.

One continental diplomatist pointed out that the difficulties increased as the scope of intermediation was broadened. He compared the situation to the so-called concert of Europe, which seldom could be brought to agreement because of the number of parties and diversity of interests.

Local Constitutionalists drew attention to the language of the note from Gen. Carranza, as not accepting any offer to solve the differences between himself and Gen. Huerta, but merely to listen to proposals which would solve differences between the United States and Mexico. In the note from the envoys to Carranza, they extended "an offer of our good offices to all parties at interest in the problem of the pacification of Mexico and the adjustment of the differences between Mexico and the United States."

The Carranza reply thanked the mediators for their efforts to solve "the differences between Mexico and the United States."

Asked what differences existed between the United States and Mexico in which Gen. Carranza could have a part, local Constitutionalists recalled Carranza's recent note to the American government in which he pointed out that demands for reparation as a result of the arrest of American blue jackets at Tampico and other offenses should properly be addressed to him as the Constitutional president of Mexico.

Field Limited.

Upon whether or not Gen. Carranza accepts any proposal for an armistice as between himself and Gen. Huerta depends the limitation, for the present, of the field of the diplomats at work on the whole Mexican problem. Should Carranza refuse to accept any armistice with Huerta, the work of the diplomats, it is realized, would be confined solely to settling differences between the United States and Mexico, though they by no means have given up the idea of solving the whole Mexicon problem.

In the communication from the three South American diplomats to Carranza, mention is made of failure

INDEPENDENT LEAGUE OPENS SATURDAY.

Is Composed of Four Strong Teams—Will Play at Hilton.

The Independent Baseball League will open its season tomorrow at Hilton Park, and the line-up of the teams shows some real good amateur talent on each club.

The league is composed of four teams, the Stags, the Tigers, Wrightsboro and Immanuels. They are well matched, as past battles together have proven, and some hard fought battles are to be expected during the 1914 season.

The first game will be between the Stags and Wrightsboro, and the batteries have been announced as Bornemann and Twining for the Stags and Seiter and Eason for the Wrightsboro team. The game will begin promptly at 3 o'clock. The second game of the scheduled double-header for Saturday will be between the Tigers and Immanuel, the batteries being Hunt and Shore for the Tigers, and Griffith and Todd for Immanuel.

Mr. W. L. Parsley has kindly permitted the Independent League to use his diamond at Hilton, which is one of the best diamonds in this locality. There is every accommodation for those who witness the games, a free grandstand being provided. The public is cordially invited to witness the games, and no admission will be charged.

Mr. S. A. Matthews is president of the league, and promises the very best order, and ladies are especially invited to attend. A line-up of the teams will be given later.

S. P. FILES ITS ANSWER

To Government In Suit for Divorce From Central Pacific—Detrimental to Both Lines.

Salt Lake City, Utah, April 30.—The Southern Pacific Company filed today in the United States District Court its answer in the government suit to divorce the Central Pacific from the Southern Pacific. The answer, after specifically denying all allegations that the Sherman anti-trust law has been violated, points out not only that the two lines originally were built, operated and developed as one road, but that as far back as 1898 the United States government itself practically recognized the combination as wholesome.

It asserts that in the joint operation of these lines, through trains have been run by the most direct or convenient route without reference to their ownership and that any separation of the Central Pacific lines from those of the Southern Pacific cannot now be had without detriment to both properties and without impairing and inconveniencing the public service and the communities through which the lines pass.

After a brief historical resume of the joint activities of the two roads the answer sets forth that when the government granted a subsidy to the Central Pacific it was with the written approval of the President of the United States. That subsidy, the answer says, was to be repaid to the government in ten annual installments of $5,800,000 each.

A. & M. PLAYED CLOSE GAME, HOLDING GEORGIA TO A SMALL SCORE.

(Special Star Telegram.)

Raleigh, N. C., April 30.—A. & M. defeated Georgia today by the score of 5 to 1. A. & M. made two in the first inning on three singles and a sacrifice, and the other three in the seventh on a hit batsman, three errors and a single, while Georgia made its only tally in the third on a base on balls, a stolen base and a single. Close playing of A. & M. kept the Georgians from making further scores. The fielding of Correll of A. & M. in left field was the feature, making several sensational catches and pegging a man at the plate on a single over short. Score by innings:

Charters Issued

(Special Star Correspondence.)

Raleigh, N. C., April 30.—The following charters were issued today by the Secretary of State:

The Algonquin Club, (Inc.) of Goldsboro, chartered without capital for social purposes with T. A. Dewey, Thomas O'Berry, P. Boney, F. K. Borden, Jr., J. E. Beaman and M. L. Michaeux.

The Petrie Printing Co., High Point, capital $25,000 authorized and $300 subscribed by L. C. Petrie, John Leonard and D. S. Gurley, for general printing and stationary and publishing business.

The Lake View Amusement Co., Charlotte, capital $35,000 authorized and $300 subscribed by R. L. Womack, W. S. Orr and Chas. Gibson, for conducting a park and other places of amusement.

EMMETT WOOTEN BELIEVES HE WILL BE SPEAKER

Therefore He Announces His Candidacy for the House.

(Special Star Correspondence.)

Kinston, N. C., April 30.—Because he believes that if he is returned to the General Assembly he will be elected speaker of the House, Hon. Emmett R. Wooten, Lenoir county's Representative, late yesterday announced himself a candidate. Opposing him is Peyton A. Hooker, a farmer. Mr. Wooten has declined until now to try for re-election, and it is known that strong pressure was brought to bear on him by Democratic leaders who desire his return.

By the system of rotation observed in selecting the speaker, it is Eastern Carolina's time for the honor, and the Kinston legislator is the senior in point of service of all other Representatives in the eastern counties. His service on the constitutional amendment is a point advanced by his friends as making his re-election of import to the State as well as the county in view of weighty matters which will come up in the next session. The primary which will choose between Wooten and Hooker will be held on May 16th.

WARSAW SCHOOL CLOSES.

Rev. R. B. John to Preach Annual Sermon Sunday.

(Special Star Correspondence.)

Warsaw, N. C., April 30.—The Warsaw graded school will close its nine-months session Tuesday, May 5th. It has been one of the most successful sessions in the history of the school. Prof. J. S. Edwards, of Oxford, assisted by a very efficient crops of teachers, has given most satisfactory services.

A play will be given in the high school auditorium Friday night by the pupils. Rev. R. B. John, presiding elder of the Fayetteville district, North Carolina Methodist Conference, will preach the annual sermon on Sunday. Monday will be devoted to the commencement exercises, and the graduating class will have right of way Tuesday.

The first shipment of strawberries from this county this year went forward Tuesday. The vines and young berries are in excellent condition. This, together with the recently installed market reports and a more general co-operation on the part of the growers, is expected to make this a most successful season.

FROM A CHARLOTTE BANK.

Wilson Borrows $80,000 for Electric Plant.

Wilson, N. C., April 30.—Mayor Dickinson announces this morning the completion of negotiations with the American Trust Company, of Charlotte, by which the town of Wilson borrows $80,000 for the purpose of rebuilding the electric light and power plant and the money is now on deposit to the credit of the town.

Owing to the fact that the bonds issued this past Winter were technically illegal the town has borrowed the money on municipal notes and the bonds will be issued after the next session of the Legislature corrects the clerical error of the bill passed at the last session. This now settles the trouble the town has had for more than a year in attempting to secure the money with which to rebuild the plant. Contracts have been let for the work and machinery and the board of town commissioners expect to have the new plant in operation within few months.

BANK FOR ORMONDSVILLE.

Probably Smallest Town in State to Organize One.

(Special Star Correspondence.)

Kinston, N. C., April 30.—Probably the smallest town in the State to have a bank will be Ormondsville, near here. The population is not more than 50, and the village is not incorporated. Seven thousand dollars of the intended capital of $10,000 has been raised, it is said. However, although it is located a mile from a railroad station and will not be in a populous center, the Ormondsville bank will have the patronage of a wealthy and numerous farmer community.

The "town" of Ormondsville has just experienced its first auction land sale. The first lot was purchased by a rather distinguished co-partnership, the sheriffs of Greene and Lenoir counties, the register of deeds of Greene, and a Kinston capitalist, who invested $200 in the way of a joke and to help "boost" the community. Since their "town" hasn't a railroad station, the leading citizens of Ormondsville say, they will have it "absorb" the depot at Maury, a mile distant.

CHARLESTON BOOSTERS IN NORTH CAROLINA.

Paid Maxton a Visit of 30 Minutes Wednesday Afternoon.

(Special Star Correspondence.)

Maxton, N. C., April 29.—The Charleston Boosters, 57 strong, came in this afternoon on their special train over the Seaboard from Hamlet and after a visit of 30 minutes left over the Atlantic Coast Line for points in South Carolina. The stay here was enlivened by the distribution of advertising matter, a parade around the town, music and speeches.

Mr. B. S. Barnes, on behalf of the Maxton citizens, welcomed the visitors and in this was ably seconded by Capt. J. C. Everett. Among the visitors who had something good to say in behalf of their city were Mr. Harvey, of the Chamber of Commerce; Jack Oliver, of the telephone company; Mr. Maberry, of the Evening Post; D. R. Spencer, of the News and Courier; Mr. Brennaman and Dr. A. Greer.

B. F. McLeod, a former Maxtonian, was among the number and was kept busy urging his old friends to visit his adopted home.

TIME FOR COMMUNION SERVICES

In Black River Group of Churches In May.

(Special Star Correspondence.)

Ivanhoe, N. C., April 29. — The month of May is our regular time for our communion services in Black River group of churches. We will begin next Saturday at Black River church. Rev. P. L. Clark, of Burgaw, N. C., has kindly consented to come and preach for us next Saturday, May 2nd, preparatory to the communion service on the Sabbath.

Brethren, let us make this a time of rejoicing, a time of self-examination, a time of prayer and Spiritual nourishment and growth in grace, a real spiritual blessing. May we come out to these services in a spirit of cheerfulness, with something of the spirit of David: "I was glad when they said unto me Let us go unto the house of the Lord." If convenient, bring along a little dinner, that we may have two services at the church Saturday. E. B. CARR.

PARDON GRANTED ON REMARKABLE CONDITIONS

John A. Smith, of Union County, Gets His Freedom.

(Special Star Correspondence.)

Raleigh, N. C., April 28.—Governor Craig granted a pardon today for John A. Smith, of Union county, who has served one year of a two-years' sentence in jail for abandoning his wife. Smith having complied with remarkable conditions that including the deeding of 40 acres of land to the wife and turning over to her of $1,200 in cash and securities that he had raised through the aid of his brothers.

Smith had married a woman 35 years younger than himself and abandoned her after a time. The prosecution and sentence followed, and now the governor grants the pardon, the conditions of which have been complied with. The pardon is recommended by Solicitor Stack, numbers of the Union county officers and citizens.

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing embrocation, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

Applied to the breasts it affords the proper massage to prevent caking.

Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to comfort.

Mother's Friend is prepared by Bradfield Regulator Co., 410 Lamar Bldg., Atlanta, Ga. Send for our little book.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday at $6 per year; $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed, to

ILLUSIONS OF WEALTH.

How the Deaton family of Iredell county was swindled out of between $7,000 and $8,000 is told in an interesting but distressing story in the Statesville Landmark. The principal losers were Messrs. B. C. and P. B. Deaton, well known men, who were victimized by thet overworked swindle palmed off on them by one of a class of sharpers who systematically and persistently reveal to their prospective victims that such and such a family in America are heirs to great wealth left in rich estates by their English ancestors.

The Deatons are only one of many families who have been soaked by an ancient swindling game that is older by far than the old Spanish gag about money bequeathed to a well known party, named by some dying Don who left him treasure with the understanding that the beneficiary of his death become the guardian of his darling orphan daughter. The rule in most cases is to victimize people who belong to families whose names are legion—the Smiths, the Williams, the Wilsons, the Woods, the Blacks, the Whites and the like.

In the Statesville case, however, the Deatons were baited long about 1909 by a sharper who communicated with them as an Englishman named Bower, fully posted as to the course to pursue in order to recover coal lands worth $200,000,000. At first Bower only wanted enough money to pay his expenses to England to begin working up a sure thing. The Deatons dug down for money to pay Bower's expenses on three tours to England. Mr. Bower, probably as elusive as Wilmington's whilom Mr. Dawsing, faked up printed reports about his location of several parcels of land and finally communicated the cheering information that a suit for title had been won but had to be carried to the Chancery court for final approval.

That called for more money, but as the property had all but been cinched, the Deatons borrowed money and mortgaged their homes in the effort to become millionaires. Meanwhile they were the envy of their neighbors, and furthermore were so confident that they would come into untold wealth that the son-in-law of one of the Deatons came to the rescue with his money when the deluded heirs had gone their limit.

Finally lawyers persuaded the Deatons that they were the victims of a swindle that was more apparent than clever. Bower was traced up, arrested, released on his own bond, and decamped for parts unknown. The Charlotte Observer refers to this class of swindle as having been worked by "a smooth Englishman," but most of these swindles are carried on by American sharpers who frequently visit a community and learn all about the family to be victimized, even referring to their names in a familiar manner and mentioning the names of the kids, who, the swindler hopes, are yet living to participate in the good fortune of the family. The game is well financed by the swindlers, and some of them will even offer to loan money to get a prospective sucker to biting.

Many people who have bitten at the bait and been taken in, keep mum for fear it will get out on them, but, as a matter of fact, so many people all over this country continue to be victimized that it is well enough for North Carolinians to be warned by the bitter experience of the Deaton family at Statesville. They are not the only North Carolinians who have played in the other fellow's game and lost. It is bad enough for us to fool ourselves and pull our friends in with us, but there is no excuse for our chasing a rainbow that some faker flashes athwart the dome above our more or less guiltless cocos.

CANDIDATE BEASLEY.

Mr. R. F. Beasley, editor of the Monroe Journal, candidate for Congress in the Seventh Congressional District, still sees no reason why he should not be recognized as a Democratic runner in the primaries to be held on the 16th of May, even though he refused to comply with the rules of the district committee in requiring a fee of $250 from candidates. He writes that he does not know what view the committee finally will take of this matter, but he requests his friends to go right on with their work in his behalf. In his latest announcement he says: "I shall certainly be in the primary. I trust that the committee will see the reasonableness of my position."

There it goes, again. Note that it possibly may depend on the decision of a few men composing the committee as to who is to represent the thousands of people of the Seventh District in Congress. The incident ought to be sufficient to warn us of our lack of approved method of making nominations. However, Congressman R. N. Page, who is a candidate for the re-nomination, having complied with all the regulations of the committee himself, has wired the committee that while he wishes to proceed under designated party authority, he desires and earnestly requests that Mr. Beasley be excused from the committee's terms and allowed to run under his own plan and in his own way.

That is clever of Mr. Page. Evidently he is confident that his district will send him back to Congress in which distinguished body he has ably and faithfully represented the Seventh District, but the question of the party's nominations should not be left to any man's generosity. It is time for better party organization and complete legal system for making nominations by all parties. It is time for the party to make progress from the antediluvian methods of the past. We ought to be able to see the necessity of it.

FOREIGN INTERFERENCE.

Aside from entirely too much talk in official circles about the government's intentions and plans for dealing with this country's foreign relations, and especially in the handling of the delicate Mexican situation, it is a matter of surprise that the State Department will permit a private individual to commit it to a course or a policy not definitely announced in an official and authoritative way.

According to Associated Press dispatches from Washington, published in yesterday's Star, Dr. Henry Allen Tupper has beaten the State Department to General Carranza with the assurance that Carranza and Villa have the sympathy and encouragement of the Wilson administration, and that "the masses of the American people are solidly behind President Wilson," all looking to the insurrection leaders and their loyal followers "to push your glorious cause to immediate success."

Dr. Tupper even congratulates General Carranza on "the co-operation of the United States in your brave struggle against the usurpers and for constitutional liberty." Where did Dr. Tupper get in on all that? He is "Special peace commissioner of the International Peace Forum," but that is no reason why he should take a hand and speak for the Washington government at this critical juncture. It is true,, he may be stating the facts in the case, but if that is the attitude of the government, why has not the State Department officially declared itself to Carranza and Villa?

It is true, the Doctor had "a conference" with Secretary Bryan, but if everybody who drops in to see the Secretary for a confab is to rush out and send telegrams committing the government on international questions, it may get this country into embarrassing positions sooner or later. At any rate, it will make the shrewd and cautious diplomatists of Europe snicker at the idea that grave secrets are discussed with more or less irresponsible individuals who may let the cat out of the bag at any time they like.

NORTH CAROLINA D. A. R.

A Washington dispatch notes that "the North Carolina delegation at the convention of the Daughters of the American Revolution included many brilliant and prominent women who are descendants of men who helped to found the nation." Quite a number of the names of the North Carolina Daughters were published and the State is proud to own every one of them. They cherish the rich heritage left to them by an ancestry of heroes and heroines in the war for American independence.

It is something to boast about that the blood of revolutionary ancestors runs in our veins, but throughout this country there are thousands of men and women who don't know that they came of the patriot stock that bore the brunt of battle and endured the hardships of eight long years of struggle for American liberty. We know a lady who, until recently, did not know that she was eligible to the D. A. R., but investigation proved that two of her ancestors were officers in the army whose bravery, endurance and suffering was responsible for the great Nation which floats the Stars and Stripes.

Is there no way for the States to trace up the records of its oldest families, be they rich or poor, exalted or humble, that they shall have the knowledge as a source of pride and as an inspiration to patriotism?

Says the Jacksonville Times-Union: "Some men seem to think having a good head for figures means sitting in the baldhead row at a musical comedy." Nevertheless, they depend on their eyes to reveal to them the truth that there are figures which lie.

Well, now won't the Hon. John Lind write a book and tell the truth about Mexico? So many write for the purpose of being sensational, and others write to bolster up some selfish interest, that nobody knows when any of them are writing truth or fiction.

CURRENT COMMENT.

Mr. Dooly thinks that Josephus Daniels must be a very brave man. "He's been th' iditor iv a pa-aper in North Caroliny f'r manny years, an' anny man who's done it knows that it takes more skill an' courage to manoover a newspaper in the' South thin to sail a battleship through Hell Gate," says Mr. Dooly.—Augusta Chronicle.

Although Greensboro is showing great increase in population, as indicated by the Census Department, it saddens us somewhat to reflect upon the considerable number of people pursuing a cheerless existence in the other towns of the State. Most of them could contrive to remove to Greensboro, and probably will sooner or later. —Greensboro News.

Mr. Vanderlip says the Agricultural Department shows what a shamefully small yield there is of cotton in the United States as compared with certain other countries. If so, the department has made a garbled showing for the average yield of cotton per acre in the South is vastly higher than the average for the balance of the world. Vanderlip thinks the farmers of the United States are inefficient, but they have never been so inefficient as to necessitate their protection by a hundred per cent. tariff.—Jacksonville Times-Union.

The Newport News Press notes that Governor Stuart, of Virginia, is being called upon by commercial organizations of Virginia to cause inquiry to be made into the general conditions of the oyster industry in Rhode Island, Massachusetts and Connecticut, as compared with similar conditions in Virginia. The Newport News paper thinks that the New England coast States and Maryland are doing more at the oyster industry than Virginia is. North Carolina is certain that Virginia is outstripping North Carolina and it is a matter which deserves attention. With its great coast line North Carolina ought to have a much greater oyster industry than it has. Virginia is already leading this State and it is not satisfied with what it is doing, but is going to press forward to greater efforts.—Raleigh News and Observer.

THE STAR'S NEW HOME

Durham Sun: Our esteemed contemporary, The Wilmington Star, has moved into its handsome new home on Chesnut street, and with its new habitation The Star will make many improvements. The new home is a model in the way of a newspaper building, being elaborately and expensively equipped with all that goes to create a big daily, and being especially appointed for the work of The Star. Among the improvements to be made by our live contemporary will be the addition of a Monday morning issue, thus making The Star a seven-day paper.

Bladen Journal: The Wilmington Star has moved into its brand new home. The Star preaches and practices progress.

Raleigh Times: The Wilmington Star has moved into new quarters and will soon issue a paper every day in the week. It will shine every morning.

Sampson Democrat: The Wilmington Star, a paper very popular in Clinton and this whole section of the State, has recently moved into new quarters, added to its equipment and is now ready to give its readers an unsurpassed service. Our congratulations.

Fairmont Messenger: The Morning Star issued its Tuesday paper from its new home and from a new equipment. It is soon to be a seven-day paper. The Star is an excellent publication and has readers many. It is progressive and does not spare expense in order to give its readers the best.

Lumberton Tribune: Congratulations to The Wilmington Star on now being able to occupy a home all its own. The Star is not only the oldest daily in the State, but one of the best.

DEATH OF MR. WAUGH.

Father of Mrs. H. V. Conly, of This City, Died at Lynchburg, Va.

Friends in Wilmington will sympathize tenderly with Mrs. Horace V. Conly in the death of her father, Mr. Mr. W. McC. Waugh, which occurred at a sanitarium in Lynchburg, Va., Monday afternoon after an illness of several weeks. His home was in Rivermont, a suburb of Lynchburg. He was 62 years old and is survived by his wife, three daughters, Misses Marie C. and Rosie C. Waugh, of Lynchburg, and Mrs. Conly, of this city, and one son, W. McC. Waugh, Jr.

Mr. and Mrs. Conly left Monday afternoon to attend the funeral which was conducted from St. Paul's church in Lynchburg. They will return to the city early next week. Mr. Conly holds a position in the office of the United States engineer in Wilmington.

REVIVAL SERVICES.

Rev. Robt. King Will Conduct Meeting at Immanuel Presbyterian.

Rev. Robert King, evangelist for the Wilmington Presbytery, will assist Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, in a series of evangelistic services at this church beginning Sunday morning and continuing through next week. Services will be held each afternoon at 3 o'clock and at night at 8 o'clock. The song service will begin at 7:15 o'clock.

Mr. King recently conducted a series of revival services at St. Andrew's Presbyterian church, which was instrumental in accomplishing much good. He has been remarkably blessed in his work throughout the Presbytery.

Rev. J. S. Crowley, the pastor, is conducting preparatory services this week. He preaches every night at 8 o'clock. The meetings so far have been well attended and the services have been highly profitable to those present. A cordial invitation is extended the public to attend.

CONFEDERATE REUNION.

North Carolina Veterans at Jacksonville Next Week.

To the Editor of The Star:

You will please allow me to say through your paper for the information of the Veterans from this State, who may attend the reunion at Jacksonville next week, that on their arrival there they must go direct from the depot to the Camp Headquarters, which will be located adjoining the Waterworks Park, Springfield, in the central part of the city, and from there they will be directed to their quarters.

This information has just been received by me from Mr. Walter Hawkins, the chairman of the committee on Accommodations at Jacksonville.

NURSE G WILL GRADUATE.

Fourteen Y... Dipl... omas on May 14th.

Fourteen young ladies from the nurses' trai ning school of the James Walker Mem orial Hospital, will grad- uate on Ma y 14th. The graduation exercises w ill be made notable by the fact tha this is the largest gradu- ating class i n the history of the insti- tution. Tha 14 young ladies are to receive their diplomas on the 14th day of the 14th y ear of the century is also a striking c oincidence.

The young ladies in the senior class are Misses S impson, Inman, Pridgen, Amann, Pin ner, Ashcraft, Mercer, Brown, Arm strong, Bowman, Ezzell, Lively, Gear s and Frazier.

No other arrangements other than the selection of the date have been made. The exercises will take place on the hosp tal lawn.

OFFICERS TO FORT CASWELL

Annual School of Instruction for the Coast Artillery Reserve Offi- cers Begins Sunday.

The annual school of instruction for the officers of the six companies composing the North Carolina Coast Artillery reserves, of which the Wilmington Light Infantry is one, will be held at Fort Caswell beginning Sunday and continuing through one week. The officers will arrive in Wilmington Sunday morning and will go down the river on the steamer Wilmington. They will leave the fort next Sunday, May 10th, and will stop over in Wilmington to take an examination on the subjects they have studied while the school was in session.

About 40 or 50 officers and a few enlisted men will take the course of instruction at Fort Caswell. The school was held last year at Fort Moultrie. Capt. A. Greig, Jr., of Raleigh, inspector-instructor of the Coast Artillery Reserves, will be in charge of the school.

In view of the Mexican situation and the probability for a time that the State militia would be called out, it was thought that the annual school for the opcers would be called off, and in fact, the annual school for the officers of the infantry and cavalry of the North Carolina National Guard was called off. The officials, however, decided not to postpone or call off the artillery school, and it will be held as planned. The cessation of active hostilities in Mexico, and the apparent smoothness of the mediation proceedings, have induced many of the militia men here to give up all expectation of being called out.

Arrangements have been made with the Harper Line to furnish the transportation for the officers and men, and the steamer Wilmington or the steamer Ella will probably be utilized for the purpose. The party will leave the city Sunday morning at either 8 or 9 o'clock and proceed direct to the fort.

During their stay at Caswell the officers will be instructed in operating, loading and firing the big guns at the fort and in the various other details of the artillery service.

On their return the following Sunday they will stop over in this city, and an examination will be held at the Wilmington Light Infantry armory on the subjects included in the course of instruction.

HOUSE OF WORSHIP FOR THE CONVICTS.

Wilmington Subscribes Generously to Fund for State Farm.

Recently under the auspices of the Wilmington Ministerial Union, a volunteer committee of prominent laymen from a number of the local churches without regard to denomination, set themselves the task of raising the $400 allotted to this city for a union, interdenominational house of worship for the unfortunates of the State convict farm in Halifax county, and while the campaign was not conducted through the newspapers or with a flare of trumpets, this volunteer committee felt especial gratification in being able to send yesterday to Mr. B. R. Lacy, of Raleigh, the treasurer of the fund, a little above the $400 amount that was asked of Wilmington.

The committee was composed of Messrs. W. H. Sprunt, C. C. Covington, H. L. Vollers, John R. Hanby, R. A. Brand and J. A. Taylor. The cause is a very worthy one and the influence of the generous subscription from Wilmington should be an inspiration to the rest of the State to do its full duty. From time to time the different denominations of the State will send ministers to the house of worship and the unfortunates in the State's prison will have the gospel, whereas it is denied them now, only in a very desultory way.

The house of worship to the built will cost $4,000 and if all the cities in the State respond as readily and as generously as did Wilmington, the full amount is already oversubscribed. There are an average of 500 convicts at the State farm, so that the work of erecting a place of worship there is altogether a necessity in a civilized country and the religious denominations of the State have done well in inaugurating and pushing through to a successful conclusion this movement.

The Wilmington committee desires to thank the generous business men of Wilmington who so cheerfully subscribed the full amount desired and just a little more for good measure.

"THE PRIVATE SECRETARY."

High School Students Will Present Play in School Auditorium.

"The Private Secretary", which has the reputation of being one of the best comedies that has been written in recent years, will be presented in the High School auditorium tonight at 8:15 o'clock by members of the High School. It has been given in many countries and will compare favorably with professional plays. The cast tonight is made up of strong characters, who under the capable direction of Miss Sarah Peck Hines, have been busy rehearsing for the past month or more.

Miss Hines has had splendid dramatic training in one of the best schools of the North. She has the happy art of imparting her knowledge to others and at the same time inspiring them to do their best. The play tonight will be given to the best advantage and will be well worth the small price of 25 cents which is charged for one and all with no reserved seats.

The play is given under the auspices of Sorosis, ever ready and desirous of helping in the development and growth of the community, were instrumental in securing the domestic science department for the High school, and now they hope to improve it so as to keep it modern and up-to-date. They hope to have the loyal co-operation of the public in this worthy alm.

DIED.

BUNTING—At the family residence in this city, Thursday morning, April 30th, 1914, MRS. VIRGINIA E. BUNTING, widow of the late Samuel R. Bunting. Funeral from the late residence, No. 405 North Second street this (Friday) morning at 10:30 o'clock. Interment at Oakdale cemetery. (advertisement.)

GREAT Y. M. C. A. CIRCUS

Darnum & Dailey's Will Hold Forth in Gymnasium Tuesday Afternoon and Night, May 5th.

Under the sole management of Darnum & Dailey, a mythical circus company composed of local star acrobats, a great Y. M. C. A. circus will be presented in the gymnasium of the association building Tuesday afternoon and night, May 5th. The matinee will begin at 2:29 P. M. and the admission charge will be five cents. The night performance will begin at 7:59 P. M. and the price of admission will be ten cents.

In the announcement and prospectus of Darnum & Dailey, the show is described as surprising, superb, sublime and as surpassing anything of its kind ever pulled off in this city. The public is urged to see this one great dazzle of splendor, sights, music and freaks of uncertain origin. In the parlance of the showman it will be a continuous scream from beginning to end.

This gigantic aggregation, with hippodrome settings, will feature Veolosapedestianesticial Brothers, Arabian whirlwind tumblers. The Kokomo family will give startling and daring acrobatic stunts, while Mme. Somclaski will appear in an equestrian diversion of excitement and noise. The Krazie Klumsie Klowns promise to provide side splitting laughter.

Leaping the elephant in sensation-evolutions will be one of the dazzling, daring, dumbfounding, delightful events of this gorgeous show. The wonderful human hustle will be a graceful and marvelous spectacle, while the hilarious basketball game between the leans and the fats will in itself be worth the price of admission. The Egyptian Pyramid builders, a direct importation from Navasso, will surpass in grandeur the old Egyptian wonders. Dixie Rube in a barnyard dance is a Lakeshore importation executed by local talent showing early spring recreation after an April shower.

The circus will exhibit on the date named above without fail, rain or shine. Only two performances in this city and money back to each and every person, if he is not satisfied that it is the best show ever seen for the price named.

BEFORE THE RECORDER.

Negroes Fined for Engaging in an Affray—To Roads in Default.

Frank Jewett and Richard Herring, both colored, were each fined $5 and the costs in Recorder's court yesterday for engaging in an affray. Being unable to pay the fine they were ordered sent to the roads for 30 days each in default. Aaron Hunter and David Turner, both colored, were also charged with engaging in an affray. Judgment was suspended upon the payment of the costs in the case against Turner, while Hunter was fined $5 and the costs.

Samuel Johnson, colored, was found guilty of vagrancy, but judgment was suspended upon the condition that he leave the county before today. A case against John Turner, colored, charged with violating a city ordinance by building a wall on the outside of the street line, was continued until today.

RESIDENCE WAS BURNED.

Fire Destroyed Six-room House in East Wilmington.

Fire supposed to have started from a defective flue destroyed a six-room residence on the Princess street road in East Wilmington, belonging to the estate of I. B. Rhodes and occupied by Mrs. J. M. Holland, Wednesday afternoon.

Neighbors rendered valuable service and saved most of the furniture and household effects, but with no fire fighting facilities, no headway could be made in checking the flames, and the structure was burned completely to the ground.

LUMBER GOING FORWARD.

Three Schooners Loaded With Timber Left Wilmington Yesterday.

Over a million feet of lumber was shipped from this port yesterday, three schooners all loaded with timber sailinf, two for New York and the other for Port au Prince, Haiti. The Humarock sailed for New York with 404,414 feet from the Hammer Lumber Company. The Herbert May sailed for the same port with 352,323 feet of lumber from the Buell-Crocker Lumber Company.

The Alice J. Crabtree sailed for Port au Prince, Haiti, with 327,826 feet from the Norfolk Lumber Company. Maffitt & Wood are agents for all the vessels.

MURA-LIKE DEMONSTRATION.

A "Mura-like" Talk Between The Davis-Moore Paint Company and Mr. Property Holder.

Mr. Property Holder: In finishing the interior of your home, office, or business structure you desire only the best materials. Therefore, it is to your advantage to buy "Mura-like" the only permanent, sanitary, washable Flat Oil Paint. It gives the softest tones known to modern interior decorating and is particularly adapted for use on walls and ceilings, whether plaster, wood or metal, over burlap, canvas, radiators, steam pipes, etc. "Mura-like" is made in 20 beautiful colors, all of which are inter-mixable. When properly applied it will last as long as the material over which it is used.

"Mura-like" has no competitor and needs no public demonstration by an expert. It speaks for and demonstrates itself. It makes a friend of everyone who sees it. "Mura-like" prides itself upon its neat, beautiful, durable and permanent appearance.

Among contracts recently finished, or now being done with "Mura-like" which prove its superiority over all other flat oil paints sold on the local market, we mention with pardonable pride:

Grace Methodist Church, Fifth Street Methodist Church, St. Paul's Episcopal Church, Atlantic Trust & Banking Company's nine-story building, New Hanover county court house, James Walker Memorial Hospital, offices and hallways on fourth and fifth floors of the Southern Building, 25 rooms and large corridors in the Orton Hotel, the Wilmington Grocery Company, five houses of Clark-Lynch Lumber Company on Wrightsville turnpike, and scores of homes in Wilmington and elsewhere. This record shows what "Mura-like" is better than any public demonstration we could arrange.

Any information as to color combinations and estimates, cheerfully furnished. Yours to please.

Marine Gasoline Engineer Wanted...

The Civil Service Commission announces an open competitive examination for the position of marine gasoline engineer on the motor boat Tarragon which operates along the Atlantic Coast. The salary is $900 a year and subsistence. No educational test will be given and applicants will not be assembled for examination. All applications must be sent to the secretary of the Fourth Civil Service District, Washington, D. C., by May 9th. Application blanks can be had from the Wilmington postoffice or by addressing the district secretary at Washington, D. C. Applicants for the position must be trained in the operation and care of a six-cylinder, 60-horsepower gasoline engine and must be licensed to operate vessels of 20 gross tons.

STILL GETTING ENDORSEMENTS.

Wilmington Receiving Support of South Carolina Cities.

Over 3,000 business men from North and South Carolina have endorsed Wilmington as the proper place for one of the branches of the Federal Reserve bank in Richmond, Va., and the endorsements are still coming in. A noticeable feature is the large number of endorsements coming from South Carolina. One South Carolina man writes that he rode eight miles to a get a business man to endorse Wilmington while even Charleston sends several endorsements.

A public meeting will be called at an early date by the Central committee, of which Mr. Hugh MacRae is chairman. At this meeting plans will be discussed for continuing the campaign. One of the important things to be considered is that of securing money for getting out literature and for paying the other expenses of the campaign.

Married Last Night.

Mr. Herbert A. Branch, son of Mr. and Mrs. W. A. Branch, of Delgado, and Miss Gertrude Carroll, of Delgado, daughter of Mr. and Mrs. J. P. Carroll, of Newberlin, were married at the home of the parents of the groom last evening at 8:30 o'clock, Rev. Andrew J. Howell, pastor of the Delgado Presbyterian church, performing the ceremony, which was witnessed by quite a number of friends and relatives. The young people will make their home at Delgado.

VASS-ROOT WEDDING IN RALEIGH CHURCH.

Raleigh, N. C., April 30.—Miss Annie Root and Mr. W. W. Vass, two of the most prominent and popular young people in Raleigh social circles, were married this evening in St. Mary's chapel, the bride being an honored alumnus of this noted Episcopal school. The lovely chapel was beautifully decorated for the occasion and was thronged with relatives and friends, nothing like all the people who came being able to get in at all.

Rt. Rev. Joseph Blount Cheshire, bishop of the diocese, performed the ceremony and in the chancel with him were Rev. George W. Lay, rector of St. Mary's, and Rev. M. A. Barber, rector of Christ church. Mrs. William Watkins Robards was dame of honor and Mr. William B. Grimes best man. Little Misses Lillian Shepherd and May Wilson were the flower girls and Messrs. Frank P. Haywood, W. A. Graham, Jr., J. P. Brawley and J. W. Bailey were the ushers.

After the ceremony there was an informal reception to the bridal party and intimate friends at the home of the bride. After an extended wedding trip Mr. and Mrs. Vass will be at home in this city. The bride is the accomplished daughter of Mr. and Mrs. Charles Root. Mr. Vass is one of the most wealthy and prominent of the young business men of the city, active in the banking and real estate circles.

PROF. J. R. CARROLL WEDS MISS HANNIE S. RAGSDALE.

Greenville, N. C., April 30.—At 5:30 o'clock Tuesday afternoon, in Memorial Baptist church, Prof John R. Carroll, of Winterville, and Miss Hannie Sutton Ragsdale were married by Rev. C. M. Rock, the ring ceremony being used.

Owing to the recent bereavement in the family of the bride, the marriage was without attendants, and there were no decorations in the church.

As the bride advanced up one aisle with her brother, Mr. Hugh S. Ragsdale, the bridegroom came up the opposite aisle with his brother, Mr. Fountain Carroll. While they were entering Mendelssohn's Wedding March was played by Mrs. Lina Baker, cousin of the bride, and Lohengrin, as they retired from the church. During the ceremony Schubert's serenade was played softly.

Just before the marriage Miss Essie Whichard sang "Because," with Mrs. Baker accompanist.

After the ceremony Mr. and Mrs. Carroll left by automobile for his home in Winterville, where they will remain until Monday, and then leave for a trip to Northern cities.

They were the recipients of many magnificent bridal gifts, principal among them being a chest of silver, 150 pieces, from the brothers of the bride, and a silver service from the parents of the bridegroom.

The bride is the eldest daughter of the late Prof. W. H. Ragsdale, and Greenville has had no more popular young lady. Mr. Carroll has for some time been the head of the Winterville high school. He is a B. A. graduate of Wake Forest College, and took high rank at that institution. He is a young man of sterling worth and fine Christian character.

HEROIC SERVICE IN WRECK.

Some of Those Who Did Efficient Work in Caring for Injured.

The Star is in receipt of the following communication from a subscriber living in Wilson:

"I would like for you to mention in your paper the names of some of those who rendered heroic services in the wreck last Monday near our city. Especially do I wish to mention the names of Messrs. J. E. L. Wade and E. T. Wade, who worked like men. Mr. J. E. L. Wade showed more nerve and coolness than any man I ever saw. Their services will never be forgotten by all who saw them at work. There were many other faithful workers at the wreck also. All of us who were on the wrecked train are very thankful that no one was killed."

VINCENT ASTOR MARRIED

Wedded to Miss Helen Dinsmore Huntington at High Noon Yesterday —Few Guests.

Staatsburg, N. Y., April 30.—William Vincent Astor, son of the late Col. John Jacob Astor and Miss Helen Dinsmore Hutington, whom he has known since childhood, were married here shortly after noon today in the big oak-paneled library of Hopeland House, home of the bride's parents, Mr. and Mrs. Robert P. Huntington.

Less than 50 persons witnessed the ceremony and of these three were the superintendents from the Astor, the Huntington and the Dinsmore estates, respectively. The other guests were relatives and close friends of the families.

Plans had been made for an elaborate church wedding, but Mr. Astor's recent illness, which threatened pneumonia, made necessary the abandonment of these plans. Eighteen hundred wedding announcements were sent out after today's ceremony, but the small company that witnessed it had been invited by informal notes.

Mrs. Ava Willing Astor, mother of the bridegroom, was among the wedding guests. The young widow of Colonel Astor, although invited, was not present. She is in the South.

Vincent Astor is 22 years old, the bride is 20.

Until a week ago the young heir to the vast Astor estate—estimated at from $75,000,000 to $100,000,000—was ill in the Huntington residence. While visiting his fiancee a month ago, he became seriously ill with an abscess on the lungs. Although his physicians permitted him outdoors for the first time only four days ago, young Astor insisted that there should be no delay in the wedding.

"WEBB CLUB OF TRINITY COLLEGE" IS ORGANIZED.

To Support Congressman for Re-election—Notes.

(Special Star Correspondence.)

Trinity College, Durham, N. C., Apr. 30.—The 13th annual session of the North Carolina Academy of Science will be held here on Friday and Saturday, May 1st and 2nd. A long and very interesting programme has been prepared for the meetings of this body, including papers which are to be delivered by some of the members of the Trinity faculty. Prof. R. H. Wilson, of the chemistry department; Prof. C. Edwards, head of the physics department, and Dr. J. J. Wolfe, head of the biology department, will take part in the deliberations of the society.

The meeting will open with a session of the executive committee at 2 o'clock Friday afternoon, followed by a presentation of some of the papers that are to be brought before the society. The address of welcome will be delivered by Dean W. I. Cranford, of the college. Following the address of welcome, President Franklin Sherman, Jr., and Prof. A. H. Patterson will lecture to the society. Many papers are scheduled to be brought before the society, and all of them deal with matters of more than passing interest to students of science and any of its branches.

The 'Webb Club of Trinity College' is the name of an organization of all the men in Trinity College living in the Ninth Congressional District of North Carolina. This club, the purpose of which is to support Congressman E. Y. Webb for re-election, was formally organized under the above name a few days ago with Mr. F. A. Whitesides, of Gastonia, as president, and Mr. J. R. Davis, of Shelby, as secretary.

At the time of organization the following resolution was drawn up by the club members and signed:

"We, the undersigned men of the Ninth Congressional District, recognizing the ability and sterling qualities of Hon. E. Y. Webb, hereby band ourselves into what shall be known as the Webb Club of Trinity College, the purpose of which is to do all in its power to re-elect him."

The following men signed the resolution and are members of the newly-organized club:

F. A. Whitesides, J. R. Davis, W. H. Rhyne, Horace Grigg, H. B. Gaston, W. I. Best, I. T. Poole, Carl Bellinger, F. R. Richardson, J. W. Hoyle, John Durham, Sam Dellinger, R. T. McKay, C. U. Lorance, J. W. Carr, J. E. McLean.

As a result of the Baraca-Philathea Convention, which has been in session in Durham for the past four days, there have been hundreds of visitors on the campus. The Baracas and Philatheas were given a hearty welcome by the Trinity students and officials, and every possible courtesy was shown them during their visits.

The annual Sophomore debate was held in Craven Memorial Hall last night, Mr. W. R. Shelton, of Waynesville, winning the prize of a set of books given by Mr. J. H. Southgate, president of the board of trustees of Trinity College, to the best debater in the Sophomore class. The question debated was one dealing with the repeal of the Panama Canal tolls provision of the Hay-Pauncefote treaty. Mr. Shelton supported the affirmative side of the question saying that Congress should follow the leadership of President Wilson and repeal the clause providing for the exemption of American coastwise vessels from the payment of Panama Canal tolls.

There were six contestants for the Southgate prize who spoke last night: G. W. H. Britt, Kentucky; Horace Grigg, Shelby; R. M. Johnston, Greensboro; V. V. Secrest, Monroe; W. R. Shelton, Waynesville, and Mr. Zuckerman, Durham. The judges announced a unanimous decision in favor of Mr. Shelton as the winner of the set of books.

After the debate the Sophomores attended a banquet according to the custom on the occasion of this annual debate.

The *Good*
without the *Grease*

"It doesn't seem a bit greasy," is the universal verdict about the pleasant-to-use

Cottolene

Because of its purity and high shortening value Cottolene makes foods tender and delicious. It has been a favorite cooking fat for many years.

It "creams up" beautifully when used in mixing pastry. It is a firm fat when cool, but nevertheless is always of just the right consistency to blend evenly with the flour or sugar. You who make cakes, pies, cookies, biscuits and the like know what an advantage this is.

Cottolene is especially excellent for all frying—whether pan frying or deep frying. Foods fried in Cottolene do not absorb grease, neither does Cottolene absorb odors. Using it over and over for frying, you not only find it economical, but you produce food that is wholly digestible and most appetizing.

A prominent physician says of Cottolene: "Cottolene, being essentially a vegetable product, forms the most healthful and nutritious cooking medium known to the food experts and medical profession."—(From an article in the *American Housekeeper*, entitled "The Most Healthful of All Cooking Fats," by Dr. James Paige Emery.)

Every thoughtful mother and careful housewife will be interested in the valuable FREE Cook Book, HOME HELPS. Send for your copy today, also order a pail of Cottolene from your grocer.

HOMINY CRESCENTS

Fine hominy or corn meal may be used in the same way to serve with meats or for breakfast with syrup. Cook 2-3 cup hominy or meal in 1 pint boiling water over the fire until thickened, then place over boiling water to finish cooking for about an hour, adding salt and more water if too stiff, also the yolk of an egg, or a little butter. When done, pour into flat pan and when cool cut into crescents, diamonds or strips, roll in egg and crumbs and fry in Cottolene.

MRS. LYDIA ELKINS DEAD.

Aged Lady Passed Away at Home in This City Yesterday.

Friends will learn with deep regret of the death of Mrs. Lydia Plummer Elkins, which occurred at her home on North Third street yesterday morning at 9:05 o'clock after a long illness. She was 78 years old and is survived by five daughters, Mrs. A. McLeod, Mrs. John W. Harper, Mrs. T. J. Rann, Mrs. J. J. Bristin, Jr., of Wilmington; and Mrs. C. Skipper, of Brunswick county, and one son, Mr. J. B. Elkins, of this city.

She was a faithful and devout member of the Bladen Street Methodist church. She was a woman greatly beloved by all who knew her. When she died all her children were at her bedside. The funeral will be held this afternoon at 3:30 o'clock from Bladen Street Methodist church and will be conducted by Rev. T. G. Vickers. The interment will be in Bellevue cemetery.

DECISIVE STOCK ADVANCE

Quotations Made Rapid Upward Climb During Closing Hours of Yesterday's Market.

New York, April 30.—Quotations moved upward decisively in the late trading today after several hours of uncertainty. Until the final upturn, which was accompanied by an outburst of activity, trading was dull. Most of the time the level of prices was above yesterday's close, but the market was disturbed by pressure against some of the weaker stocks. The needed impulse came in the last half hour, in reports that control of Missouri Pacific would pass into new and powerful hands. This stock which previously had reached a new low point at 15 1-4, was bid up nearly four points from the day's low mark, and the whole market advanced with it.

Conditions favored the market at the opening. London has established a higher range of prices and bought stocks here. General Carranza's acceptance of mediation gave a more hopeful turn to Mexican affairs. Additional railroad reports for March in most cases made a better exhibit. Under these influences there was a general advance in prices.

The higher level was utilized for renewed distribution of stocks which caused several recessions before the market finally swung upward. Another unsettling influence was the weakness of low priced railroad stocks and bonds especially of the Gould roads.

Rock Island collaterals and debenture fives sold at new low figures, the former dropping to 30 1-8 and the latter to 66 1-4. Steel also yielded under professional pressure. Recent reports of poor trade conditions were emphasized by announcement of further price reductions.

Prospects of a strong bank statement and the improving outlook for peaceful solution of the Mexican problem influenced the money market. Offerings were larger and rates for short periods were scaled.

Bonds were irregular. Total sales, par value, $1,415,000. United States bonds were unchanged on call.

The Emergency Value of Big Organization

WHEN a real catastrophe happens to a telephone system; when a fire destroys an exchange and the terminal apparatus, or a storm lays low the pole lines, the value of a big organization is quickly shown.

When a conflagration swept the city of Chelsea, Mass., it burned the Bell telephone exchange and destroyed the telephone equipment.

The next day a temporary central station was established, amid the ruins, and the service restored.

With similar promptness telephone service was re-established in Baltimore, San Francisco and Bangor, and after the more recent disasters in the Middle West.

To meet great emergencies, complete switchboards and apparatus valued at over $100,000 are kept at Chicago and New York, crated and ready for shipment whenever the call for help comes from any part of the organization.

NEW HOTEL OPENS IN JULY

Handsome Cape Fear Hostelry Will Soon be Completed—Mr. C. Gresham to Have Charge.

The opening of the handsome Cape Fear Hotel, now in course of construction at the southeast corner of Front and Walnut streets, will take place about July 1st, according to present plans. Seven stories of the building have already been completed with the exception of the finishing touches and Mr. T. A. Green, who has charge of the construction of the building and is also a stockholder, stated yesterday that they would be pushed to early completion.

Work on the eighth, ninth and tenth floors has been suspended temporarily, but it is expected that work will be started on these some time next week. But it is probable that the lower seven floors of the building will be open to the public before the upper floors have been finished.

Mr. C. Gresham, who is interested in hotels in the Carolinas located in Charlotte, Charleston, Spartanburg, Florence and other cities, will have personal charge of the hotel. It will be operated as a high class commercial hotel at popular rates. Its close proximity to the union station is expected to make it popular with the many traveling men who come to Wilmington.

The interior will be fitted up in splendid style with the most modern fixtures. The floor of the lobby will be laid in tile with the columns sheathed in brown marble. The walls and ceiling of the upper floors will be white, making a pretty appearance. All rooms will be convenient to the elevator.

Entering the first floor to the right will be the hotel office and adjoining will be the elevator. In the rear will be the dining room. Plate glass and mirrors will add much to the beauty of the surroundings.

PLANS FOR HEMENWAY TO BE CONSIDERED.

Board of Education Will Meet With Committee Today.

For the purpose of receiving and passing upon the plans of architects for a modern brick building for the Hemenway school, a joint meeting of the Board of Education and the committee of District No. 1 will be held this afternoon at 3 o'clock. The new building is to take the place of the present wooden structure.

It is expected the plans for the building will be submitted by the local architects and also by several from out of the city. It is hoped to arrive at a decision this afternoon. The building will cost in the neighborhood of $35,000. Work will begin as soon as school closes in order that the structure may be completed by the time school opens again next fall.

At 5 o'clock this afternoon the board will meet with the committee from District No. 2 to decide upon a date for receiving plans for the new building which will be erected to take the place of the present wooden structure. It is planned to have the work on this building started also by June 1st. The cost will be practically the same as that of the Hemenway building.

The Bijou Theatre will today present an educational picture, made by the manufacturers of the Kirby-Bender Fire Escape Company, who furnished the big fire escape in the new union passenger station, which was the first of its knd to be erected in Wilmington.

The film is sent here at the instance of the New Hanover county Board of Education, who are contemplating the use of this type of fire escape on the school buildings of the county, and shows the entire operation of using the fire ascape, showing it in operation under all circumstances. Tickets have been furnished to the entire Board of Education, as well as Prof. J. J. Blair and others interested, all of whom will witness the picture today.

FEDERAL BUREAU OL ALL BUILDINGS

(Continued From Page One.)

perintendents of construction in the field at $3,250 each in charge of a zone; practical standardization of buildings, establishment of groups of States in which similar conditions exist, classification of cities where buildings should be erected and use of type sets of plans and specifications in erecting public buildings to be used solely for postoffices in the same class or group; adoption of a less costly but durable, simple and architectually desirable construction to permit of economical operation and maintenance no building to be authorized where postoffice receipts are less than $10,000 a year; prompt appropriation for construction of the proposed building for the departments of State, justice and commerce, and housing of all Federal activities in the District of Columbia in government-owned buildings instead of partly in rented buildings as at present.

Other recommendations include: Requirement that towns and cities in which buildings are authorized shall agree to provide sidewalks, street lighting and street sewers, extension of the working men's compensation act to cover treasury employes engaged upon public buildings work, consultation with the postal service before installation of postoffice equipment in public buildings, standardizing of salaries of custodian forces; legislation for further protection of material, men and laborers, prohibition against defacement and injury of public buildings; examination of government-owned lands with a view to sale of such as are not required; that appropriations shall not be construed as meaning that all such money appropriated must be expended; and no appropriating for constructing, repairing, remodeling or enlarging of any public building shall be used until authorized by Congress after report by the proper committee.

A minority report was also submitted as to some of the minor portions of the report.

WILL USE BLUE ROOM FOR WILSON WEDDING.

Washington, April 30.—Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson, and William G. McAdoo, Secretary of the Treasury, will be married May 7th in the blue room of the White House. As the guest list has been limited, the White House family decided not to use the large East Room, the scene of the wedding last November of Mr. and Mrs. Francis Bowes Sayre.

VILLA PREPARES TO CONTINUE WAR

(Continued From Page One.)

on arms into Mexico, the authorities have been keenly watchful for shipments of arms and ammunition en route to the Carranza forces.

Company D, signal corps, a part of the reinforced fifth brigade that is now encamped in Vera Cruz, sailed for that port late today on the steamship Esperanza. Signal apparatus and telephone equipment in quantity was taken along. The Esperanza had no quarters for the horses of the signal company and they will be transported to Vera Cruz later.

Non-American refugees who claim they were brought here by the United States against their will, formed an organization tonight to secure their return to Mexico. They stated that the United States will not do anything for them, as the appropriation by Congress was for the aid of American refugees. The non-American refugees, who include Danes, Norweglans and an Englishman, asserted to the Galveston commercial association, which has undertaken to help them, that the consuls could do nothing for them.

There was a mass meeting of refugees tonight to discuss the situation.

Preparing for Fighting.

El Paso, Texas, April 30.—While General Carranza has not replied officially to the proposition of the South American mediators for a Federal-Rebel armistice, officials here say his answer is plainly forecast in orders promulgated today for a concentrated attack on Tampico.

The Federal gunboats and the land defenses of Tampico have proved too big a task for the troops of Generals Cabellero and Gonzales, and orders were issued today for the mobilization of 12,000 troops. It is reported also that General Villa will lead the attack. Rafael E. Usquiz, a son in law of General Carranza and a leader of the junta here, is one of the authorities for the declaration that the armistice in Northern Mexico is impossible.

It was rumored in connection with the proposal that acceptance of the proposition would have to carry with it some form of recognition of the belligerency of the Rebels, but General Carranza is said to have commented that he did not care to attain it in that way, as it was bound to come in due time with the complete victory of his forces.

General Villa was at Parral today. It is learned that his recent trip to Juarez and his present movements are on business matters connected with raising revenue.

Meet in Torreon.

Villa's present itinerary, it is said, will be arranged so he can accompany Carranza into Torreon Sunday, when he is to review the troops.

It is reported that he will visit Monterey to congratulate his forces there on the capture of the city. It is said that after the expected capture of Saltillo that city will be the capital.

A letter to General Felipe Angeles, chief of the rebel artillery, from General Maas, Fedaral commander at Saltillo, and signed by a number of other generals and lesser officials, asking Angeles to join the Federals against the United States, was received here today. Angeles' reply also was given out to the effect that he would not compound Huerta's crimes by joining him.

In a letter addressed to The Associated Press, and signed by General Villa, the latter asserts that the best of feeling exists between himself and Carranza. The letter dated April 29th, fololws:

"It is absolutely false as statements in the newspapers have maintained that there is bad feeling between the supreme chief of th Constitutionalists and myself. Between us there exists the greatest cordiality and good feeling, and I, for my part, will always tender the chief the respect and subordination which I have always shown in all my acts."

ALL HOPE IS GIVEN UP

For Entombed Men In West Virginia Mine—Fifty Bodies Have Been Recovered So Far.

Eccles, W. Va., April 30.—Hope that any of the 172 men trapped in mine No. 5 of the New River Colliers Company, by an explosion Tuesday, are alive, was abandoned tonight by government and State experts. At 9 o'clock fifty bodies had been located in the mine and it was expected all of these would be brought to the surface before daylight. A blacksmith shop near the mine tipple has been turned into a temporary morgue.

Most of the bodies are said to be badly burned. It is believed no additional bodies will be found near the mouth of the mine and that many other victims are buried under heavy debris.

A thorough search of the mine is being retarded by falls of rock and mine timbers while water from broken lines covers the mine at points to a depth of three feet.

When word spread that rescue parties had succeeded in entering the line and that many bodies were being found the entire population of Eccles and hundreds of persons from surrounding communities rushed to the scene.

Two crews fro mthe government rescue cars equipped with oxygen tanks, went into the mine tonight to make a complete search of the operation. Water was lowered early today and a party of inspectors entered. The glimmering light of their safety lamps revealed the bottom and further exploration showed that other miners had died nearby. Many more bodies were located as the explorers made their way through the mine, but it was decided not to remove them until a temporary morgue had been arranged.

HAVE EVIDENCE READY.

Raleigh, N. C., April 30.—The Corporation Commission has its evidence ready in the investigation of the sale and partition of the A. & Y. Railroad and will probably present it to the attorney general tomorrow. The commission is satisfied the evidence is sufficient to warrant carrying the matter to the attorney general of the United States, who will probably be asked to institute proceedings.

LILLIAN NORDICA DYING.

Batavia, Java, April 30.—Madame Lillian Nordica, who arrived here quite ill, nearly a month ago, has had a relapse and is sinking. The doctors give up all hope of her recovery. She had engaged passage for Genoa where her husband, Geo. W. Young, of New York, had expected to meet her.

PREPARATION FOR WAR IS CONTINUED

(Continued From Page One.)

to receive the proposal by local representatives of the Consititutionalists. The letter explained today that their declination to receive the proposition arose out of no desire to pass on its merits, but merely because they had not been authorized to receive proposals of such importance. They said that they had advised the three South American diplomats, however, to telegraph Carranza direct, which resulted in last night's answer.

Administration officials who read the Carranza note called attention to its ambiguous language, but were optimistic in the hope that technicalities soon would be brushed aside and a clearer understanding obtained of just what the Constitutionalist chief intended.

Various conjectural reports continued to circulate as to the work of the mediators. One of these as to a neutral zone around Tampico later, was said not to have been considered by the mediators. Another referred to a temporary provisional commission in Mexico in case Huerta retired. There was nothing authoritative as to this, but it was believed in some quarters that Huerta realizes his authority has waned until it cannot last much longer.

Further conferences were held today at the State Department on the suggested establishment of a neutral zone about the Tampico oil fields. The valuable foreign-owned oil properties there, it was pointed out, if once set afire, could not be extinguished, and hundreds of millions of barrels of oil would be lost.

A joint resolution to make immediately available the entire $101,000,000 army appropriation bill, just passed by both Houses of Congress, was introduced today, at President Wilson's request, by Chairman Hay, og the House Military Affairs committee. The measure is designed to meet the present emergency in Mexico.

It has been suggested that the same course may be followed by the naval affairs committee, though Chairman Padgett does not favor such action unless the President requests it.

Secretary Bryan drove to the Argentine legation shortly before 10 o'clock tonight and went into conference with the three mediators.

Huerta Accepts Armistice.

Gen. Huerta tonight accepted the proposal that there be no further hostilities between the United States and Mexico pending the efforts of the envoys of Argentina, Brazil and Chile to bring about an amicable settlement of difficulties between the countries.

This was announced late tonight by Secretary Bryan, after he had been in conference for two hours with the three South American diplomats at the Argentine legation. At the same time Mr. Bryan said he already formally had notified the mediators that the American government took it for granted that there would be no hostilities during the mediation proceedings and had intended no further acts of aggression while the conferences were being held.

With these replies before them, the envoys were prepared to go ahead with their peace plans so far as the United States and the Huerta government are concerned. No word had come from Gen. Carranza, however, concerning a proposed armistice between the Constitutionalists and Federals in Mexico. On the rebel chief's answer depends largely the plans of the mediators for undertaking a peaceful settlement of the whole Mexican problem, internal strife as well as differences between the United States and the Huerta regime.

News from Mexico that Gen. Carranza and Gen. Villa were pushing ahead their southward movement and preparing for a general attack on Tampico threw a damper upon hopes for peace between the warring Mexican factions.

Secretary Bryan left the legation shortly before midnight and the three mediators continued their conference.

Guatemala City, April 30.—Many refugees of all nationalities from Salina Cruz and the Isthmus of Tehuantepec arrived Wednesday on board the English steamer Acajutla at San Jose, a small Guatemalan port on the Pacific.

Fugitives who crossed the Mexican frontier into Guatemala from the Mexican town of Tapachula report riots there in which the American flag was insulted.

Some refugees declare that attempts to massacre foreigners were averted only by the prompt action of the Mexican military commander at Tapachula, who placed the foreigners in prison to guard them from the mob.

Several large estates owned by foreign capitalists were abandoned by their managers, who fled into Guatemala.

Norfolk, Va., April 30.—The atrmored cruiser Washington, attached to the Flying Squadron recently organized by Secretary Daniels, sailed from this port today for Mexico. The Washington arrived this morning from New York and dropped anchor in Lynn Haven Roads. One hundred men from the training station were sent to the cruiser on a government tug.

—Annie King, colored, who escaped from the county farm early in February, was returned yesterday but with an additional 30 days added to the original three months imposed by Justice Harriss because of her escape. She was found at Acme by Special Officer H. Mack Godwin and Deputy Sheriff E. C. Reynolds.
